Experience

Jun 2023 -May 2024

Lead Fullstack Developer

Curve Health

Remote

Fullstack developer using Ruby on Rails, React, Redux, GraphQI, and Postgres SQL.

Responsibilities and Achievements

- Overhauled Gitlab CI/CD pipeline to reduce runtimes by 40%
- Performed major version upgrades from Rails 5.2 to 6.1 and Node 14 to Node 18 with zero downtime
- Managed, onboarded, developed, and paired with new developers
- Worked closely with QA and Ops teams to overhaul our code review and deployment cycle
- Responsible for the engineering side of migrating from Aptible to AWS infrastructure
- Helped spearhead adoption of TDD and BDD practices

Oct 2021 -Apr 2023

Web Developer III

CrowdStreet, Inc.

Remote

Fullstack web developer working with Java EE, React, TypeScript and Postgres SQL.

Responsibilities and Achievements

- Assisted in the design and implementation of new features
- Pair programed with and helped mentor other developers on team
- Became go-to person for help with several supporting applications
- Helped optimize heavily used SQL queries, making them up to 10x faster
- Spearheaded engineering project to integrate Split.io into our backend Java code to unify our feature flagging efforts with the front end.
- Member of several engineering guilds that focused on aspects such as reducing existing technical debt, improving our documentation, and increase unit testing
- Revamped my team's pull request process to provide better context and testing instructions to those reviewing the code. Adopted by other teams.

Sep 2018 -Oct-2021

Web Developer III

Treehouse Remote

Ruby on Rails developer and part time Data Engineer when requested.

Responsibilities and Achievements

- Promoted from Dev II to Dev III in 1st year
- RoR Developer for main app as well as several of the supporting microservices
- One of three Code Reviewers on the team
- Assisted in hiring decisions, onboarded and mentored new team members
- Create Snowflake SQL reports using Mode Analytics
- Migrated functionality from a defunct microservice into workers in main app

Education

B.S. Computer Science, B.S. Dec 2021

Minor: Cybersecurity

Old Dominion University

GPA: 3.94

Completed Bachelor's Degree at ODU and currently continuing education as a Master's student. I am also a 4 Time Dean's Perfect Scholar Award Recipient.
